It was discovered that the original online version of the paper "Study of some equivalence classes of primes" contained the following minor misprints:

- Page 27, Line 14. "less than or equal to $p_{0,x}$" becomes "less than or equal to $\pi(p_{0,x})$".

- Page 28, Line 6. " $\pi_{iter}(x)$" becomes "$\pi_c(x)$".

As of March 2019, the correction has been made in the online version of the paper, available at:

http://nntdm.net/volume-23-2017/number-2/21-29/.

Unfortunately, the discovery of these misprints was too late to make correction in the printed issue.
